

2027
Extension
program
offer

Congratulations!

We are so proud of the efforts of all students and cannot wait to see what they achieve in 2027!

Our team have put a lot of time, care and thought into team allocations considering your preferred preferences, scheduling, team combinations etc.

So what happens next?

- Your dancers Extension program offer/s is highlighted in the email body.
- The proposed timetable and further information can be read below.
- **Please accept, reject or request amendment via return email before 18th October.**
- **In your return email- please confirm which relevant tech and/or strength classes you prefer for your dancers schedule.**
- Our team will manually add your dancer into their relevant extension classes via iClass on your behalf.
- **Core programs can be self enrolled when they open from 1st November.**

SCAN TO RSVP

Further **early bird** discounts available NOW

2027 Concerts

After many years of Concerts at our beloved Billanook College theatre, it is time for a change.

Our current theatre is the biggest in our area, but we have now outgrown the venue.

For 2027, we will be moving to a beautiful new theatre, Bunjil Place in Narre Warren. Over double the size of our current theatre!

We have some special plans in place to celebrate our 10th year at our new venue with all of our amazing dancers!

Travel Team Information

We are very excited to be travelling to the Gold coast with our Travel team in 2027!

We are waiting for the confirmation of exact dates from the venue who will clarify this month. From there, further details will be provided. Here is what we can tell you now.

- It will be in September 2027, dancers will be required from Friday-Sunday inclusive.
- Participation fee is \$500 per dancer for their performer package (including their tickets to dreamworld and white water world)
- Any other attending guests will need to book a dreamworld pass to attend the performance.
- Participating families will be able to book their own travel arrangements and accomodation.
- We will have a group hotel booking available that will serve as our Hub for the trip. Families are welcome to join us, or arrange alternative accomodation.
- Our dates, itinery and hotel will be confirmed after our travel team offers are finalized and we better understand numbers.

Communications platform: Band

Introducing BAND: Our New Communication Hub for 2027!

We've noticed that important emails can sometimes get lost amongst busy inboxes, so we're introducing BAND to make studio communication easier and more accessible for everyone. Our goal is simple: less searching through emails, clearer communication and more connection within our CMI community!

BAND allows us to create closed, invitation-only groups, meaning our studio information, photos and videos are shared within our approved community rather than publicly. Families can easily access information relevant to their dancer, all in one convenient place.

BAND is completely free and available on Apple and Android devices, as well as through a web browser.

How will BAND work at CMI?

- We have a main CMI Information Hub for whole-studio announcements, important dates, reminders and general updates etc.
- Each extension team will also have its own dedicated BAND group, allowing us to share team-specific information, rehearsal videos, cut music, schedules and updates without everything getting lost in email threads.
- You will also be able to communicate via band with other parents as needed
- Scan to join your teams via the QR code.

Please note: BAND will be used for studio communication, while iClassPro will remain our platform for enrolments, payments, attendance and absence notifications.
