## CLASS PROGRESSIONS AND REGISTERING FOR 2024

2024 will be the first year at CMI that majority of students will be 'moving up' in age group. **Current students will have their 'class suggestion notice' provided to them via their teacher during classes** outlining the appropriate programs they suggest for your dancer. If you have any questions please do not hesitate to chat with a member of our team in person or via email, phone or text.

Current students will have first pick at their preferred sessions by registering before December. From there new students will be welcome and able to register. **We highly recommend registering at your earliest convenience as there are limited places per group.** Please note that the casual places available per session is adapted based on recurring student numbers.

Casual places may not be available for your preferred session if it is booked out by recurring students during the registration process. If you plan on attending regularly we strongly suggest registering for a recurring spot.

## NEW BOOKING SOFTWARE

We are excited to announce that moving into the new year we will be utilizing new booking software for our casual system. This will still be accessible via our website but will allow for an easier booking experience for families and our team.

This software will allow families to cancel and reschedule their appointments at their convenience. Please note that this software does require a credit card to be entered to secure a casual booking. Although it will not be charged when booking, it is part of their cancellation policy protection. Please ensure to read our cancellation policies below. We pride ourselves on our flexible payment options and appreciate your support in maintaining this system.

## NO SYMPTOM POLICY REMINDER

We prioritize the safety of our dancers and guardians within our space which is maintained with our no symptom policy. This means that children and guardians both need to be well when attending classes to help keep everyone healthy and stop the spread of germs. If we do notice anyone presenting unwell, we will ask you to come back next time when you are feeling better.

# OUR TEAM

We are always so grateful to have the most incredible team of teachers that we love and value so much. All of our familiar faces will be returning in 2024 with some incredible new and returning teachers joining the team!

# 2024 PRICING

Providing high quality classes that are affordable and accessible to families is part of the core of our business and something we have always and will continue to prioritize.

We are so proud to have worked so hard to keep the \$10 class price for our first 10 years of operation.

After much consideration we are regretfully applying a slight increase of pricing moving into 2024. Unfortunately the cost of operations have increased over time, especially during the pandemic.

As always, we never want the cost of dancing to become a concern for families, so we are happy to accommodate discounts where possible to keep students dancing.

**The 2024 pricing schedule is outlined below for reference:**
